

# CARAD Workshops

February Half Term was spent at CARAD in Rhayader, with two days of Arts & Craft workshops. Some amazing pottery creature were made and the circus skills were so well led by Professor Panic.

What really did work well this time was splitting the workshops into two days, by age - what did you think?

There are more than twenty

Ten are sleeping on clouds,  
nine are playing  
and one is reading this!!!
